

DARK MIX (PINE): Spruce and Fir bark aged to a rich dark brown color. More natural looking. Not color enhanced.

PREMIUM: A blend of hemlock, Pine and Spruce-Fir bark with a touch of red color. This product is fine textured, great looking and less expensive than Hemlock mulch.

HEMLOCK: Beautiful mulch processed to a fine texture. This product may be seasonally enhanced to maintain a consistent orange-red tone which is a characteristic of hemlock

BLACK: A color enhanced Pine, Spruce-Fir blend, double ground. It gives great contrast to flowering shrubs.

RED CEDAR: Color enhanced.

BROWN CEDAR: Color enhanced.

RCI MIX: A house blend of natural woods ground to a medium texture. A natural looking color, easy to spread as well.
